NOTE FOR: EA/ADCI

FROM: C/ACIS

SUBJECT: Tuesday's SSCI Affair

Bob —
Worth your time only if you have time. Doug says these track with what you have — just more detail for back-ground.

This note is for your information and action as you see fit.

The ICS is creating Qs and As for the A/DCI's budget session with the SSCI tomorrow. We have been helping ICS on the arms control-related topics.

Attached as background is a set of the expanded Qs and As on NFIP resources which affect arms control. Bob asked us these questions in the period prior to his confirmation hearing, and we have maintained this material since then.

There is considerable similarity between the ICS work and ours--which in this case is all to the good in my humble opinion.

Our efforts have been in conjunction with CRES, OSWR, and DDS&T. I don't know of any major disconnects.

What more may we do for your?
